WHO WE ARE

As an affiliate of the University of North Carolina System and non-profit organization, the mission of The North Carolina Arboretum is to advance the state’s future by cultivating connections between people, plants and places through education, design and economic development. As a public garden and living museum, we seek to protect our natural world while creating engaging opportunities for our visitors, clients, members, volunteers and partners.

SCHEDULING A SITE TOUR

• Guided site tours are offered by appointment only, with advance notice, based on staff availability.
• Couples may tour the property on their own anytime the Arboretum is open, no advance notice required. Self-guided tour packets are available at the Baker Information Desk between 9:00 a.m. and 5:00 p.m. daily. The $16.00 per vehicle parking fee will apply unless a request is made in advance to waive the fee.

To schedule a guided site tour, or to request your parking fee be waived for a self-guided tour, please email weddings@ncarboretum.org at least 3 days before your preferred tour date.

• We may not be able to accommodate all requests for guided tours, even with proper notice.
• Guided site tours are limited to no more than 6 people, including the couple.
• Guided site tours are typically done on foot. If mobility will be an issue, please let us know so that we can reserve a golf cart for use during the tour. (Golf carts are not available for self-guided tours.)
• Groups that require a golf cart are limited to no more than 4 people, as seating is limited.
• Guided site tours will be cancelled if the attendees have not arrived by 15 minutes past their scheduled start time. Tours may be rescheduled by email.

WHAT MAKES THE GREEN WEDDINGS PROGRAM GREEN?

Centering sustainability within our weddings program is a key way that we tie this work to the Arboretum’s mission. Additionally, revenue from the Green Weddings Program supports important environmental offerings at the Arboretum including youth education, exhibit programming, continuing education, and repair and renovation projects within the gardens.

Some of the ways we strive to reduce our impact during events and across the organization are:
• LED high efficiency light bulbs
• Recycling receptacles throughout our campus
• Integrative pest management: using good bugs to eat the bad ones instead of harmful insecticides
• Sustainable turf maintenance: cutting turf higher, aiding in water conservation, reduction in use of fertilizers and weed growth
• Geothermal technology for heating and cooling our Baker Exhibit Center
• Battery recycling
• Eco-friendly cleaning products

We also avoid printing this large packet! Digital copies will be provided to inquiring couples.

We ask that our clients join us in these efforts by choosing environmentally conscious materials and practices during the planning process.
Hello and thank you for thinking of us! The North Carolina Arboretum is a stunning venue and we love to see couples and their guests make lifelong memories here. We are thrilled to be considered for such a special event and as a team, we are dedicated to providing couples with the guidance they need to plan a celebration that fits their vision - not only after they’ve booked with us, but before as well.

In that spirit, I think it’s important that we let you know up front – The North Carolina Arboretum is a bit different than most wedding venues.

Our institutional mission is on the front page of this packet because the Green Weddings Program exists to support our mission-driven work. While other properties might place weddings at the center of their operations, we are first and foremost a public garden and educational institution. This does not mean that our wedding clients are not important to us. It just means that this is not the only thing we do, and that affects the way that we operate.

You may notice while reading through this packet that many elements of the Green Weddings Program are fixed. That is, our packages and policies are not particularly flexible. This allows our team to collaborate with the rest of the organization to balance the needs of various programs and multiple mission directives that coexist at the Arboretum. For example, the format of our packages makes it possible to offer excellent service to our couples and their guests while also providing a welcoming natural refuge to other visitors. The policies we’ve developed allow the Green Weddings Program to successfully operate alongside and in support of the educational and horticultural programs that enrich our region.

We feel privileged to help clients mark these important moments in their lives and our team has been lucky to contribute to highly personal and memorable celebrations within this framework. Even so, our goal is not to convince every inquiring couple to book with us. Instead, we strive to provide the information necessary for each couple to decide whether the Arboretum is the right venue for them.

So please, read through the information we’ve laid out here and see if we might be the one for you. If the answer turns out to be yes, that’s wonderful and we cannot wait to get started! If we are not a match, that’s okay too! We hope you’ll visit us for a hike or a walk in the garden soon.

Our team is happy to answer any questions you may have - go ahead and email us at weddings@ncarboretum.org.

With congratulations on your engagement,

Mary Rose Ridderbusch-Shearer
Guest Experience Manager

Event Coordination
Professional event coordination services are required for all Brunch Wedding, Ceremony-Only, Reception-Only, and Full Wedding Packages. See page 17 for an overview of the coordinator requirements.

Approved Vendors
The Arboretum maintains two vendor lists:
• Preferred Vendor list: These vendors have extensive experience working at the Arboretum, a track record of providing great service and products, and consistently work well with our team.
• Approved Vendor list: These are vendors who have gone through our standardized approval process and agreed to our vendor-specific policies and expectations. Inquire with Arboretum Event Staff to find out if a vendor has already been approved.
• Vendors who have not yet been approved must work with Arboretum Event Staff to complete the approval process before working at the Arboretum. See the Vendor Requirements section of the booking agreement for full details.

Alcohol Service
Outside alcohol is prohibited. This applies to everyone, always, across the entire property. The Arboretum offers several Alcohol Service Packages. These packages are outlined on page 18. The full Alcohol Use Policy is included in the booking agreement.

Booking
In order to hold a date, The Arboretum requires payment of 50% of the Rental Package fee, payment of the $1,500 refundable security deposit and a complete and signed copy of the booking agreement.

Refundable Security Deposit
The security deposit may be retained in the event that the client or their guests fail to abide by the terms laid forth in the booking agreement. Actions that may result in forfeiture of the client’s security deposit include but are not limited to: violation of the alcohol policy, damages to Arboretum property, failure to provide an approved coordinator, and excessive cleanup as a result of the event.
Cancellation Policy
• If an event is cancelled more than six months prior to the scheduled event date: The security deposit and all other payments made to date will be refunded.
• If an event is cancelled less than six months prior to the scheduled event date: The security deposit will be refunded, but all other payments will be retained by The Arboretum.

Clients and their guests will have access to restrooms inside the building that is nearest to their selected sites.

Accessibility
The Arboretum’s buildings and formal garden areas are wheelchair accessible. Golf cart transportation between sites is available for guests with mobility challenges.

COORDINATION REQUIREMENTS

All Rental Packages require a professional coordinator, with the exception of the Essential Elopement Package and All-Inclusive Elopement Package which do not require coordination services.

Clients may use an approved external coordinator (See vendor approval details in the booking agreement) or add day-of coordination services through the Arboretum for an additional fee. The Arboretum does not offer full-service planning and it is recommended that clients use an approved external coordinator if full-service or long-lead planning is needed.

Failure to hire a coordinator that meets the requirements outlined here and in the booking agreement may result in additional fees or cancellation of the event. The absence of a coordinator on event day will result in immediate forfeiture of the client’s security deposit.

**Externally Hired Coordinator**
This is a summary of the minimum services and obligations required of an externally hired coordinator. The client may wish to contract for a higher level of service than what is listed here. Detailed requirements are outlined in the booking agreement.

- Communicate and confirm all vendor details and information such as deliveries, pickups, and arrival times.
- Provide all layout details and information. (Arboretum Event Staff can provide guidance and access to site diagrams through All Seated)
- Provide a detailed day-of timeline.
- Provide onsite coordination of ceremony, cocktail hour, and/or reception through the duration of the event. Coordinator MUST arrive by the agreed upon vendor arrival time and remain on site until the end of the event.

Arboretum Event Staff will be on site for logistical management only.

Friends and family are not permitted to act as the event coordinator unless they own or work for an event planning company and are an approved Arboretum vendor.

**Arboretum “Day-Of” Coordination**
If the client does not wish to hire an approved external coordinator, Arboretum Event Staff can serve as the “Day-Of” coordinator for an additional fee. Clients who are looking for a full-service wedding planner should contract with an approved external coordinator.
